

PLAYING TIME PHILOSOPHY

All CFSC members will need to be familiar with the club philosophy(s) on playing time before commencement of initial training session.

APDL, Tier 1, Tier 3 and Tier 3 (U13, U14, U15, U16, U19)

Playing time is non-negotiable and based on a combination of the following factors: Attendance, Match Fitness, Performance, Ability to contribute in the predetermined Tactical Match Plan, and the player's attitude on and off the pitch. Absolutely NO phone calls, emails or conversations at the pitch or elsewhere will occur between coach and parent regarding the above as **ALL** queries involving the above will occur between player and coach.

Developmental Playing Time Philosophy (U9, U10, U11, U12 and all Tier 4-6 Teams)

Playing time is allocated in accordance to the level of play, the nature of the competition and the developmental stages of the athlete. Reasons for reduction in playing time must be clearly explained to the player and parent. Although the playing time may not be equal for all players through each match, it will balance throughout the season through friendly matches, tournament play and season play. The club intends to provide fair and equitable developmental opportunities to all the players throughout the season. *Playing time is non-negotiable and based on a combination of the following factors: Attendance, Match Fitness, Performance, Ability to contribute in the predetermined Tactical Match Plan, and the player's attitude on and off the pitch.* Absolutely NO phone calls, emails or conversations at the pitch or elsewhere will occur between coach and parent regarding the above as **ALL** queries involving the above will occur between player and coach

Additional Outside Club Programming Conflicts with Team Commitments (Where Applicable)

We will not discourage or hold any player in pursuit of additional opportunities; however, it needs to be known that the focus is on club and team thus we will not actively reschedule matches which happen to conflict with showcase scouting weekends, training camps or competition outside of the club. It is for this reason that we will carry a larger roster wherever possible and will continue with training, training squad and match play in the absence of these players. Players whom participate in the above-mentioned programs risk/jeopardize their starting positions if in fact a player not participating in these programs performs well while given the opportunity during player absence due to outside club programming. This loss of starting position may or may not be permanent depending on player performance and commitment by all involved.
